CINCINNATI FLYING PIG MARATHON

WELCOME LETTER

WELCOME TO FLYING PIG MARATHON WEEKEND!

We are so happy to have you join us for the 28th running of the Flying Pig. We are excited to have you here and hope you have an enjoyable and successful weekend.

This year gives us the opportunity to show you new areas of the Tri-State that we've never covered before, especially on the Marathon route. Construction on both sides of the river, especially on the Kentucky side with the loss of the Fourth Street bridge, has prompted us to tweak our event routes. We know you have been anticipating these changes and we thank you for your patience as we measured and certified our new courses. We hope you like the new setup.

As we do each year, we want to express our thanks and gratitude to so many people who make this weekend "run" so smoothly, starting with our more than 8,000 volunteers who guide you through the weekend. From picking up your packets to getting your finisher's medal to celebrating at the Victory Party poured by Michelob Ultra, our volunteers are there every step of the way. Make sure you thank them for their tireless work.

Our first responders are always on duty to keep us safe, and our medical staff is positioned at every mile to offer assistance. We appreciate their service, not just Pig weekend but throughout the year.

Our sponsors and partners also make this weekend possible, because without their support we wouldn't be able to offer you the coolest medal in the business, awesome premium gifts, and a first-class experience all weekend long. Check out our list of partners and support them—because they're supporting you this weekend.

Finally, we thank you, our participants, families and friends. Without you, this little piggy would have nowhere to run. You truly make this pig go! Whether this is your first Flying Pig or you're one of our elite "Streakers" doing the marathon for the 28th year, we thank you for trusting us to give you a Very Important Pig experience.

We hope you have a wonderful Flying Pig weekend, and we'll see you at the Finish Swine!

PIG WORKS CHARITY PROGRAM

The Flying Pig and Pig Works partners with over 300 charities throughout the year to raise funds for their operations. Over Flying Pig weekend, these charities will raise close to \$1 million for their respective causes. Over the last 27 years, the Flying Pig has helped these groups raise more than \$19 million.

These groups can use Flying Pig events to raise funds in several ways, including collecting pledges, soliciting sponsors, building teams, volunteering and offering fundraising challenges, with 100% of the money raised by participants going directly to the charity. Participating groups receive registration discounts, booth space at the Flying Pig post party and more.

In addition, the Piggest Raffle Ever presented by Stock Yards Bank and Trust gives charities yet another avenue to raise money. Groups sell raffle tickets and keep all the money raised from the sale. This year, total funds raised through the Piggest Raffle since our inaugural year will exceed \$1 million.

We thank all these charities for partnering with us in 2026:

COURSE SUPPORT

Fluid Stations:

- Water will be available near the start line and water and Gatorade Endurance are provided at 25 fluid stations on the full course, and 11 fluid stations on the half course.
- At all fluid stations, Gatorade is served first, water second.

Energy Gel Stations:

- GU Energy chews and gels will be available on the half marathon course at mile 9, and the full marathon course at miles 18 and 21.

Portable Restrooms

- Portable restrooms are available every mile on the full and half marathon courses.

Medical Support

- Our medical team is stationed at 18 locations along the course with band-aids, Vaseline and additional medical supplies.
- There will be a fully equipped medical facility at the Finish Swine, thanks to UC Health, staffed by a team of local healthcare professionals until 2:00 p.m.
- The medical staff and marathon officials have the right to withdraw any participant from the race who appears to be in distress or at risk. Please cooperate if you are asked to go for a checkup.
- If you are unable to finish the race for any reason, please notify a race official of your bib number so that medical personnel are aware.

Course Time Limit

For your safety and compliance with course re-opening times, there is a 7-hour course limit for the full marathon (and relay) and a 3.5-hour limit for the half marathon. Race officials will ask participants who fall behind this pace to move to the sidewalk, but the finish line will remain open until all participants finish.

The Finish Swine:

All participants will receive the coveted Flying Pig finisher medal and have access to a mylar blanket. All finishers will pass through the Kroger Recovery Area, to receive food and refreshments provided by Kroger, Caruso, Sunbelt Bakery, LaRosa's Pizzeria, That's It, and Chiquita.

In partnership with Rumpke, Flying Pig green team volunteers will be on site to assist with our recycling efforts.

Participants can meet up with family and friends at the Michelob Ultra Victory Party inside the Reunion Area, which is located right as they exit the fenced recovery area.

Hotel shuttles

Shuttle buses will be provided for those who are returning to the downtown area and Northern Kentucky (Newport & Covington) after the race. Buses run from 8:30am-3pm and will pick up near the Start Line on Elm Street and Freedom Way and drop off near the hotels along 5th Street, the relay loading parking lots, and the Newport & Covington, KY hotels and parking lots.
